## **ABOUT US**

Hutaib Chemie is one of India's well known business houses exporting and supplying Bulk drugs (Active Pharma Ingredients), Veterinary bulk drugs, bulk drug intermediates, Fine & Specialty chemicals & Neutraceuticals, to various customers in the domestic and international markets.

We have our manufacturing facility at Bardoli, Gujarat which is considered to be the biggest Industrial zone in India. Some of the products are manufactured jointly by co-operation with some GMP manufacturers in India. We import some of the materials from China and after quality tests deliver to our clients in their desired packing size. And all these make us a supplier of wide array of APIs in India.

We ensure supply of products of high quality meeting British and U.S.

pharmacopoeial standards or as per the requirements of the customers. We endeavor to follow B.P., U.S.P., E.P. or J.P. Standards to ensure high quality. We export our products manufactured at WHO cGMP manufacturing sites in India. For some of the products we are able to offer DMF, EDMF, CoS. We also supply best equality working standard & working reference standandard.

## **OUR STRENGTHS**

### **Quality :**

Our commitment to quality has been our benchmark. All our products undergo regular supervision and stringent quality tests as per British Pharmacopoeia, United States Pharmacopoeia, Indian Pharmacopoeia and/or Japanese Pharmacopoeia Standards. Further, the products are approved by govt. & public laboratories with a shelf life of 3-5 years. Qualified and approved chemists check the quality of products & after the affirmative approval; the goods are delivered to the clients. Thus we have achieved maximum client retention and satisfaction among our customers. All our products pass through stringent quality tests.

### **Our Team :**

A fully integrated company, where all our departments work in close coordination with each other. Our team has professionals with a vast experience.

### **Pricing Policy :**

With frequent visits into the global marketplace our attention is always focused on providing "Value for the Money". Our voluminous experience in the business and adherence to cost effective methods of production enable us to offer our products at competitive prices.

### **Ware House Facility :**

We have a modern warehouse where every care is taken to protect and maintain the quality of the products. Our warehouses are equipped with the specific storage conditions required for some specific products. We continually upgrade our infrastructure to keep pace with the latest developments.

### **Packaging :**

We have full-fledged packaging and shipping department that ensures a safe delivery of our products till the destination. Besides, for safe and reliable packing and for safety of product during transits, we use 100gm/1Kg/5Kg TIN placed in 7 ply best quality corrugated boxes for a very high valued materials and for high volume packages we use 2 liners plastic bag and HDPE or fiber drums of different weight capacities.

### **Timely Delivery :**

With the help of our rich experience in logistics solutions, we understand every nuance of customs and port formalities and deliver all our products within the stipulated time.

### **Clients :**

The continuous dedication towards providing the quality products to our clients worldwide, is a reason for our large and long standing client base all across the world.
