

Hello Sir,

I just want to introduce our company profile. We are dealing in HP, Lenovo, Acer, Senao Wireless Solutions, Nortel, Netgear. If you have any requirement it's my Pleasure to fulfill it within best optimal prices.

Company Profile

Aala Communications provides complete IT Infrastructure Solution including Wireless networking products, Servers, Desktops, Office Consumable products, etc and support services of International standard into this region. Because of our market competence and Quality services, we have become a supplier to several large companies and Networking dealers in Oman, Africa, UAE, Kuwait and Pakistan.

From the vendor perspective Aala Communications had a distribution strategy that Understood the technology and how to disseminate and support it, and from the reseller's point of view, Aala Communications provides all the answers on what to them was a bewildering technology. In today's rapidly moving IT industry Aala Communications identified that resellers need to not just buy and sell 'boxes', but to be placed to offer the correct products and solutions to meet their customers' requirements. The resellers also need to be able identify any future sales potential of IT products to their existing customers and to identify new customers as technology becomes available.

P O Box – 16487, Dubai, U.A.E. Tel :- +971 4 3936753, Fax :- +971 4 3936853,
