

Re-design

- ▶ Architects and designers

Founder of the company

Re-design was initially founded by Mr. Murtuza who is there in this field from past 10 years and have struggled very hard to finally start his own firm.

His staff some of the designers like Naitika, Burhanuddin and many other skilled workers..

Now its time to introduce our team

- ▶ We are a team of three designers who try to create your space in an innovative way, present the things in different way.
- ▶ We would like to serve the clients the best in the best way and aesthetically create the ambience of the space.
- ▶ After serving for years at reputed interior firm named “**Verve**” under the leadership & guidance's of respected **Mr. Khan** has given us the invaluable insight to the changing trends in the furnishings & aesthetic values & handled many prestigious projects from lacs to crores from Residential to Commercial projects, which included many well- known Companies like.....

The process of the way to work

- The basic step starts from meeting the clients and try to understand the clients.
- Site measurements and to knows the space.
- Designing the space and convincing the clients on the plans.
- With the help of views explaining the clients on the look and feel of the space.
- Discussing on the budget on the same time.
- Execution of the work after getting on the things above.
- Getting the things done under supervision to get the work properly done.
- After the completing the site the final bill will be done.
