

# Salmon Enterprises Pte Ltd

## Introduction:

Salmon Enterprises was incorporated in Singapore to offer round-the-clock, one-stop supply and sourcing service for clients in the Oil & gas and Marine Industries. As a full service company we offer the highest quality of service to both international and domestic markets. To further enhance our value, we seek to expand our product range, regional distribution network and customer base. We also believe that a higher rate of growth can be achieved for Salmon Enterprises via acquisitions, joint ventures and strategic alliances that can create synergies with existing businesses.

## Mission:

Quality is a way of life with us. Our strength lies in our commitment to deliver exceptional, personalized and flexible service to our international and domestic customers. Our aim and mission is to strike a perfect balance between cost-effectiveness, product quality and service efficiency, to guarantee that our customers enjoy nothing but the best.

## Vision:

Having understood our goals and objectives, our management team with your interest in mind, commit to pool our resources to provide the best customer service that we possibly can. This means going the extra mile to provide both hardware and customized engineering solutions to our patrons.

## About us:

Since its establishment it has become one of the most experienced organizations, providing material as well as logistic solutions to diverse sectors like security-intelligence, manufacturing, construction, drilling & mining, telecommunication, aviation etc. We have achieved this success through the hard work of our employees, who have superior knowledge and experience in this industry. Our growth and success can also be attributed to the continued support and cooperation of our customers and suppliers. For this we would like to express our sincere appreciation.

We maintain ready stock of good quality hardware tools, lifting equipments (certified), spares for heavy earth-moving equipments, outboard / marine engines, life saving equipments and many other types of drilling and construction related equipment which provides our client with a one stop solution to all their project requirements.

## Why Us?

Some of our strengths that make us the most reliable business partner to work with are:

- Extensive industry knowledge
- Sophisticated working system
- Integrated approach
- Reliable and well-organized distribution network
- Products complying with international quality standards
- Competitive prices
- Customer focused approach

Power Tools

Hand Tools

Bearings

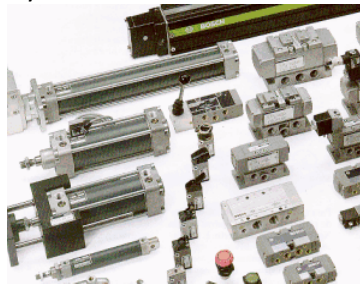

Hydraulic Jack

V-Belts

Electric / Gas cutting

Pneumatic equipment

Gas welding

Generators

Hydraulic rams

Hydraulic pumps

## Lifting equipment and fittings:

Salmon Enterprises Pte Ltd are specialist in providing an extensive range of lifting equipment, hoisting devices and also architectural fittings for the building and construction industry. Lifting equipment range from chain mild steel products for general purpose usage to poly vinyl chloride coated galvanized wire ropes that can be used for architectural applications.

Hooks

Pulleys

Turn Buckles

Snatch blocks

Wire | Chain slings

Lifting belts

Polyester Webbings

Nylon, Manila and PP ropes

Endless Slings

We aim to be your most preferred supplier and innovative producer of Occupational, Safety, Health and Environmental protection products in Asia.

Personal Protection Equipment		
Category	Range of Products	
Eye/ Face Protection		Eyewear & Accessories, Face shields, Goggles, Laser Protection, Welding Face shields, Welding Goggles, Prescription safety eyewear.
Head Protection		Hard Hats, Bump Caps, Rescue Helmets, Fire Fighting Helmets
Hearing Protection		Disposable and reusable ear plugs and dispensers and ear muffs.
Hand Protection		Chemical Resistant, Cold Condition, Cut resistant, Disposable, General Purpose, Heat Resistant, Leather, Mechanics, Palm Coated, Welding
Ergonomics		Back Support belts, Wrist, Elbow supports, knee Pads, Gloves
Critical Environment		Clean room clothing, Gloves, hairnets, Shoe Covers
Electrical/ Arc Flash Protection		Arc and FR rainwear, Clothing, Face shields, Rubber Insulating Gloves, kits.
Clothing		Aprons & Sleeves, Bouffant, Chemical Resistant clothing, Disposable Clothing, FR & Aluminized Apparel, gear Bags, Work Apparel, Rainwear, Welding, Insect Repellent.

# Salmon Enterprises Pte Ltd

Respiratory Protection		Disposable Respirators, Air Purifying Respirators & Cartridges, PAPRs, SCBAs, Airline Respirators.
Foot Protection		PVC/Nitrite Boots, Chemical Resistant Boots, safety shoes

## Your Source for Safety Products and Solutions - Emergency Response Equipment

Category	Range of Products	
HAZMAT response		Level A/B Chemical resistant Suits, Leak sealing equipment, Decontamination
Emergency Pneumatics		Air Lifting Bags, Pneumatic Tents
Confined Space		Rescue Systems, Stretchers, Tripods, Davit Arms, Confined Space Worker Alert Device
Gas Detection		Multi Gas & Single Gas Detectors, Calibration Check Gas Cylinders, Detector Tubes.
Emergency Lighting		Explosions Proof, Area lights, Lamps, Torches
Evacuation		Motion sensing Device with built in LED torch, Lone Worker safety, Confined Space worker alert device
Fire Protection		Fire Extinguishers, Escape hoods
Firefighter PPE		Protective Suits for Firefighters, Helmets, Gloves, Boots (NFPA/EN/SOLAS)

## Logistics Services – On land on water and in air:

Our main office is located in Singapore which is a global integrated logistics hub and hence we can cater to all your logistic needs in a timely manner. For more than a decade, we have been providing our customers with transportation and logistics solutions that support the way they want to do business, wherever they are in the world.

Take advantage of our comprehensive portfolio of logistics services. We specialize in delivering global factory-to-dealer integrated logistics solutions. As a customer you specify the final destination of the cargo and we assume responsibility for the entire value chain, using the full flexibility of our network to transport the cargo in the most optimal way.

We maintain continuous focus on efficiency and reliability, as well as keeping high social and environmental standards throughout our ocean and inland fleet and operations. For you this means shorter lead times, higher quality of service and lower overall costs, adding competitive power and agility to your business. We make the complex simple.
